The DMR West Divisional Policing Plan for 2007 is the first of three policing plans based on An Garda Síochána Corporate Strategy from 2007 to 2009.

Through our interaction with the Joint Policing Committees and the Community we will enhance existing partnerships and practical approaches at Community Level thereby policing with the active co-operation of the people we serve.

We will focus on Crime Prevention within this Division and increase an awareness at Community Level, that Crime Prevention and reduction is a shared responsibility.

The areas prioritised in this plan will build on what has been accomplished in 2006 and enhance our ability to meet the challenges and policing needs of 2007.

We will continue to develop and improve our Quality Service thereby, attaining the highest level of Professional and Ethical Standards in all our interactions.
