Foreword from Chief Superintendent T.P. Murray

Divisional Officer Tipperary Garda Division

In this document I have formulated a Policing Plan with specific reference to Tipperary Division. This Plan is designed to meet the individual needs of the six Garda Districts of Thurles, Cahir, Clonmel, Nenagh, Templemore and Tipperary, and the Garda Central Vetting Unit.

This Policing Plan will be used as a working handbook for District Officers to assist them in setting out their management priorities for 2007

The aim of the Plan is to:

- Continue the process of implementing the goals of our Corporate Strategy 2007-2009, which commits to "Excellent people delivering policing Excellence".
- Achieve the twin imperatives of public confidence and public safety throughout the Division by confronting and challenging public violence, criminal behaviour, subversive activity and dangerous road user behaviour.
- Inform the public on the standard of service they are entitled to.
- Take account of the priorities identified through a consultation process and the public attitude survey 2006 and identify what needs to be done to match customer priorities.
- Address the priorities identified in the Governments Policing Priorities.
- Set measurable targets that can be monitored. These will be drawn from the Garda Corporate Strategy 2007-2009, the six strategic goals detailed in this document, the Garda Síochána Act, 2005, SMI identified priorities, Quality Service Initiatives (GSEM) and reviews and action priorities in this plan.
- Set out to provide excellence in performance to our stakeholders in the delivery of our policing service.

The National Policing Plan for An Garda Síochána takes its mandate and democratic legitimacy from community priorities identified in the Public Attitude Surveys. (available on www.garda.ie) I have abstracted key points and performance indicators from the National Policing Plan to focus on the particular needs of Tipperary Division and to achieve the objectives of the six strategic goals set out in the Garda Corporate Strategy 2007- 2009. District Policing Plans will be prepared to focus on the achievement of this Policy.

Our 2007 Tipperary Policing Plan commits to a partnership approach to engagement with stakeholders, such as County Development Boards, Local Authorities, RAPID Programmes and Community Groups within the Division. The Gardaí within Tipperary Division will continue to strive to provide the highest attainable level of service quality to the communities that we serve.

I welcome feedback on any aspect of the plan.

(T.P. MURRAY)
CHIEF SUPERINTENDENT
