Re: Freedom of Information Request FOI-000376-2019 Request Part-Grant

Dear

I refer to your request, dated and received on 25th September 2019, which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by An Garda Síochána.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency "insofar as it relates to administrative records relating to human resources, or finance or procurement matters". Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

Copies of invoices from Trump International Golf Links and Hotel for catering costs for the President Trump visit

Copies of invoices from Johnstons Centra for catering costs for the President Trump visit

Copies of invoices from Treacy's Oakwood Hotel for catering and accommodation costs for the President Trump visit

Copies of invoices from Kilkee Bay Hotel for catering costs for the President Trump visit

Copies of invoices from Bellbridge hotel for catering costs for the President Trump visit

Copies of invoices from Ryans butchers for catering costs for the President Trump visit

Copies of invoices from Zest At Ltd for catering costs for the President Trump visit

I wish to inform you that I have decided to part-grant your request on 15th October 2019.

The purpose of this letter is to explain that decision.

1. Findings, particulars and reasons for decision

On receipt of your request, this office contacted the Finance Directorate of An Garda Síochána in respect of same. A schedule of records supplied by the Finance Directorate is herewith attached outlining the identified records and the redactions that have been applied accordingly.

As previously advised, Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency “*insofar as it relates to administrative records relating to human resources, or finance or procurement matters*”. Therefore, only administrative records that relate to human resources, finance or procurement shall be considered. A number of the records contained herein do not relate to administrative records pertaining to human resources, finance or procurement and therefore they have been redacted in accordance with Part (1) of Schedule 1 of the Act.

The records that you seek also contain personal information. Under the FOI Act, records are released without any restriction as to how they may be used and thus, release, is in effect, regarded as being released to the world at large. As a result, I am conscious of my obligations to retain personal information in a confidential and secure manner and prevent personal information from being released into the public domain unnecessarily. Section 2 of the FOI Act defines personal information as follows:

2.(1) In this Act—

"personal information" means information about an identifiable individual that, either—

- (a) would, in the ordinary course of events, be known only to the individual or members of the family, or friends, of the individual, or*
- (b) is held by an FOI body on the understanding that it would be treated by that body as confidential,*

and without prejudice to the generality of the foregoing, includes

- (iii) the employment or employment history of the individual*

Section 37 – Personal Information

Section 37(1) provides that a public body shall refuse to grant a request if access to the record concerned would involve the disclosure of personal information.

I am satisfied that certain parts of the records relate to a third party. The individuals named in these records would become identifiable beyond their family and friends and it would be considered a breach of the confidentiality upon which the information is being held by the Garda Organisation. The release of such information which is specific to each individual, will allow for a person to become more identifiable and named in the public domain. As such, I am satisfied that the records consist of the personal information of these third parties. Accordingly, I find that Section 37(1) of the Act applies to the records at issue.

Section 37(1) of the FOI Act are as follows:

37(1) Subject to this section, a head shall refuse to grant an FOI request if, in the opinion of the head, access to the record concerned would involve the disclosure of personal information (including personal information relating to a deceased individual)

As per section 37 of the FOI Act, I have considered the public interest issues which arise in this case and have taken account of the following factors in favour of release:

- Ensuring openness and transparency of organisational functions to the greatest possible extent,
- The public interest in members of the public exercising their rights under the FOI Act,
- That there is more than just a transitory interest by the public in this information,
- The right to privacy is outweighed by the needs of the public.

In considering the public interest factors which favour withholding the records, I have taken account of the following:

- Allowing a public body to hold personal information without undue access by members of the public,
- The public interest is not best served by releasing these records,
- That the Organisation can conduct its business in a confidential manner,
- That there is a reasonable and implied expectation that sensitive personal information will remain confidential,
- That there is no overriding public interest that outweighs the individual's right to privacy.

Having balanced the factors both for and against the release of the information, I decided that the public interest in preserving the personal information and the reasonable expectation that information be maintained in a confidential manner by An Garda Síochána outweighs the public interest which would be served were the records released to you.

Section 36 – Commercial Sensitive Information

In addition to Section 37, I am also refusing the release of a number of records in accordance with Section 36 (1)(b)

(1) Subject to subsection (2) a head shall refuse to grant an FOI request if the record concerned contains –

(b) financial, commercial, scientific or technical or other information whose disclosure could reasonably be expected to result in a material financial loss or gain to the person to whom the information relates, or could prejudice the competitive position of that person in the conduct of his or her profession or business or otherwise in his or her occupation'

This exemption is being used to protect the companies whose commercially sensitive information is held in the enclosed records, for the provision of their services to An Garda Síochána. I am satisfied that the release of the actual number of units purchased for the catering services provided for the duration of President Trumps visit could prejudice the competitive position of the suppliers by making the cost per unit publically known. This information therefore is commercially sensitive in accordance with the provisions of section 36 of the FOI Act.

I am cognisant of the fact that the release of information under the Act is, in essence, a release to the public at large. The pricing structure of the suppliers with regard to the services provided to An Garda Síochána is not known to competitors or the public in general. If the records were

made available to you, it is reasonable to expect that it would prejudice the ability of the suppliers to compete in other contracts or negotiations in the future.

I am of the view that the release of the pricing structure could reasonably be expected to result in a material financial loss by the suppliers as it could prejudice their competitive position in the conduct of their business. The placing of these pricing structures into the public domain could also reasonably be expected to give a competitive advantage to other companies seeking similar contracts with public bodies.

I am satisfied that the release of the details involved could prejudice the competitive position of the companies named in the records provided and is commercially sensitive due to the fact that it exposes the fee structure of these companies.

As per section 36 of the FOI Act, I have considered the public interest issues which arise in this case and have taken account of the following factors in favour of release

- Ensuring openness and transparency of organisational functions to the greatest possible extent,
- The public interest in members of the public exercising their rights under the FOI Act,
- That there is more than just a transitory interest by the public in this information,
- Ensuring openness and transparency in the expenditure of public funds.

In considering the public interest factors which favour withholding the records, I have taken account of the following:

- The public interest is not best served by releasing these records,
- That the Organisation can conduct its business in a confidential manner,
- Protecting the vital interests of the business community,
- In not preventing or impeding a company from the effective pursuit of their legitimate business.

Having balanced the public interest factors both for and against the release, I decided that the public interest in preserving the information and the reasonable expectation that information can be maintained by An Garda Síochána without prejudicing future financial endeavors by external service providers outweighs the public interest which would be served were the records released to you.

I also have considered the provisions of section 36(2) and decided that they do not have any bearing on the decision as the overriding interest is to protect the sensitive commercial and financial information in this case.
