## ***Forward by Divisional Officer***

The Garda Síochána Corporate Strategy Plan is a three year strategy plan that covers the period 2007 to 2009 inclusive. In the plan it speaks of a community focused policing strategy engaging with the key policing challenges of state security, crime control, road safety, public order, ethnical and cultural diversity and community engagement. It also incorporates key reforms and modernisation initiatives that are critical for the success of An Garda Síochána's public mission and the achievement of its policing goals. Those corporate goals are reflected in this Annual Policing Plan for the Sligo/Leitrim Division which sets out the actions and performance indicators by which our performance will be measured throughout 2008.

The year ahead will provide challenges to all of us tasked with providing the policing service in the Sligo/Leitrim Division. The people we serve are entitled to expect the highest possible level of service and professionalism. Ensuring that we provide a service which meets, or exceeds, those expectations must be the responsibility of every one of us who work in the Division, both Garda and civilian alike. It is vital that we go about our business in a manner which reflects the core universal principles of legality, necessity, proportionality, accountability and non-discrimination.

We will work in partnership with both internal and external stakeholders to provide a visible Garda presence, an effective response to crime and anti-social behaviour, and an improved sense of security for the people who live within the Division. Our ultimate goal is to ensure that we provide an excellent policing service to all the communities in the Sligo/Leitrim Division.

**CHIEF SUPERINTENDENT**

( **KIERAN G. KENNY** )

17<sup>th</sup> January, 2008.

# Goal One – National & International Security

## To maintain National & International Security

Process Owner: Each Superintendent, D/Inspector O'Reilly, Inspector Connolly.

Actions	Performance Indicator	Divisional Actions	Timeframe
