Foreword from the Galway West Divisional Officer

The six strategic goals for An Garda Síochána in 2007 are listed in the first page of this document. These goals set out our strategic objectives for the year ahead and have been drawn from An Garda Síochána's Corporate Strategy 2007-2009

This document sets out how the management and staff of the Galway West Division will advance these strategic goals and contribute to national performance indicators through local action. We are, as always, looking forward to the co-operation of the public in our efforts at achieving our stated objectives. In this regard we also look forward to the continued assistance and co-operation of the local authorities, the Health Service Executive, State agencies, Voluntary agencies and the Business Community. The Galway City Joint Policing Committee, which met for the first time in 2006, will provide an excellent forum for identifying concerns regarding policing issues. This initiative, which is currently at a pilot stage will be extended to all local authority functional areas in course.

The Garda and civilian staff of the Galway West Division are committed to providing a quality, competent, helpful and efficient service to all our customers. I would welcome your views on how we can improve on the service level provided. I would like to thank all of those who made submissions and suggestions for this plan. There is a list of contact details on the last page of this document.
