## Re: Freedom of Information Request FOI-000257-2023 Request Part-Granted

*Dear*

I refer to your request, dated and received on 19<sup>th</sup> July, 2023 which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by An Garda Síochána.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency "*insofar as it relates to administrative records relating to human resources, or finance or procurement matters*". Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

- *Under the FOI Act 2014, I am seeking:*
  1. *Details of outstanding payments owed to Gardaí for policing non-duty events for 2022 (as described in the following PQ [https://www.oireachtas.ie/en/debates/question/2023-07-11/531/#pq\\_531](https://www.oireachtas.ie/en/debates/question/2023-07-11/531/#pq_531)), preferably laid out in tabular form*
  2. *All invoices and receipts related to these payments*
  3. *All correspondence with the bodies/institutions/event organisers related to the outstanding payments*

In this regard, I have decided to part-grant your request on the 14<sup>th</sup> August 2023.

The purpose of this letter is to explain that decision.

### 1. Findings, particulars and reasons for decision

Details of your request were provided to the Finance Section of An Garda Síochána who have briefed this office regarding same. For ease of reference I have numbered your request.

1

Under Section 30 of the Garda Síochána Act 2005, An Garda Síochána may provide and charge for police services for events on private property or in areas open to the public if:

- (a) It is in the public interest and consistent with the functions of An Garda Síochána to provide the services, and*
- (b) The Commissioner is satisfied that the person has paid or will pay to the Commissioner the charges for the services.*

Non-public duty is performed by members of An Garda Síochána under arrangements made with organisers of events such as football matches, concerts and race meetings, etc. who seek to engage the services of members of An Garda Síochána to perform duties to which they would not normally be assigned. At all times, it is the policy of An Garda Síochána that the safety of the public must be the ultimate concern.

In respect of part 1 of your request I have been advised that, as of the 3<sup>rd</sup> July 2023, the total revenue outstanding for events policed in 2022 is €664,000.

I wish to advise that I am refusing to release the records in relation to part 2 and 3 of your request. I deem this information to be commercially sensitive as these organisations have yet to fully pay their policing costs. I am refusing to provide this information in accordance with Section 36(1)(b) of the FOI Act which refers to commercially sensitive information. Section 36 states:

***Commercially sensitive information***

*36. (1) Subject to subsection (2), a head shall refuse to grant an FOI request if the record concerned contains—*

- (b) financial, commercial, scientific or technical or other information whose disclosure could reasonably be expected to result in a material financial loss or gain to the person to whom the information relates, or could prejudice the competitive position of that person in the conduct of his or her profession or business or otherwise in his or her occupation, or*

An Garda Síochána is actively pursuing these outstanding debts. To release the names of those organisations and the amount owed could prejudice their positions and competitiveness in their conduct for future business. The prospect of prejudicing the commercial and competitive position of a commercial body who have sought the services of An Garda Síochána is not the purpose of the FOI Act and Section 36 of the Act provides safeguards in that respect.

**Public Interest Test**

There is a Public Interest Test associated with section 36 of the FOI Act whereby my decision must be made having fully considered the public interest relevant to this request.

I have considered the public interest issues which arise in this case and have taken account of the following factors in favour of release:

- Accountability of a Public Body with regard to the expenditure of public funds.
- Ensuring openness and transparency of organisational functions to the greatest possible extent.
- The public interest in members of the public exercising their rights under the FOI Act.

- That there is more than just a transitory interest by the public in this information being released.
- The right to commercial confidentiality is outweighed by the needs of the public regarding the expenditure of public funds by a public body.

In considering the public interest factors which favour withholding the records I have taken account of the following:

- Allowing a public body to hold commercial information without undue access by members of the public.
- The best course of action which is in the public interest with regard to these records.
- That An Garda Síochána can conduct its business with external contractors in a confidential manner.
- That there is a reasonable and implied expectation by contractors that financial information pertaining to services provided will be held in a confidential manner.
- That there is no overriding public interest that outweighs the right to privacy by an individual or in this case the financial activities of a service provider.
- That the provision of overall expenditure figures for companies meets the needs of the Public Interest in this matter.

Having balanced the public interest factors both for and against the release, I decided that the public interest in preserving the information and the reasonable expectation that information can be maintained by An Garda Síochána without prejudicing future financial endeavors by external companies outweighs the public interest which would be served were the records released to you.

### **Harm Test**

Section 36 also requires a harm test to be carried out as part of the decision making process. I am of the view that by releasing the outstanding payments which have yet to be paid could reasonably be expected to result in a material financial loss to these companies as it could prejudice their competitive position in the conduct of their future business dealings with other companies. The companies present customers may become aware of their financial obligations to An Garda Síochána, which could in turn prejudice any current or future negotiations with these customers.
